Contact us

For wholesale of white label or gross flowers

(+30) 6974929741

Devoted, Passionate and dedicated to quality

Why choosing our flowers?

Growing in this latitude as well as in a mountainous microclimate are the facts that compose our competitive advantage

- High cannabinoid and terpene concentrations
- Exclusive use of organic means for all fertilization and plant protection
- Optimum conditions in slow drying and curing
- High steam production
- Competitive prices

Our philosophy

Cultivation

With respect towards nature and its processes, emphasizing on utilizing soil life

Care

Devotion and daily observation from starting the seeds until drying the harvest

Sustainability

On an environmental and business level

Knowledge

Scientific approaches for problem solving and obtaining the best result
